

Summer Reading Tests for grades 2 – 8

1. Check the summer reading list provided by the school (check the school website).
2. Purchase your books or check them out from the library.
3. Take time to read the book/books. When you are finished, get ready to test.
4. **Go to the San Jose Catholic School Website and do the following:**
 - View the MENU across the top of the home page
 - Click [Family Resources](#)
 - Click [Links and Downloads](#)
 - [Locate Student Links](#)
 - Click [AR Logins](#) (Grades: 2-8)
 - Click [I'm a Student](#)
 - Enter [Username](#)
 - Enter [Password](#)
 - Click [Login](#)
 - Click [Accelerated Reader](#)
 - Type the name of the book you read into the SEARCH space.
 - Make sure the title of the book matches the author and that you are taking the correct test.

Studies show that students lose an average of 6 months of math knowledge over the summer if they don't practice regularly. Doing a little bit each day will help students retain what they have learned.

IXL for Summer Math Practice for grades 6, 7, 8

- Go to the San Jose Catholic School Website and do the following:**
- View the MENU across the top of the home page
 - Click [Family Resources](#)
 - Click [Links and Downloads](#)
 - [Locate Student Links](#)
 - Click [IXL](#)
 - Enter [Username](#)
 - Enter [Password](#)
 - Click [Skill Plans](#) (under Learning tab)
 - Scroll down to [Spotlight](#)
 - Click [IXL Summer Boost Math](#)
 - Click [the grade you are going into](#) for 22-23
 - You will see a daily/weekly plan of skills to practice and complete.

Don't wait too long to get started. Slow and steady wins the race. 😊
